

# CONFERENCES & MEETINGS

Chaminade Resort & Spa is an award-winning, IACC Approved meeting & conference destination. The property is conveniently located just 5 miles off the highway and 30 miles from the San Jose International Airport, yet its mountaintop location, tranquil surroundings, and 300 acres of forested solitude offer an ideal environment for a centrally-located and distraction-free event.

Chaminade provides 12,000 square feet of dedicated meeting space, 12 meeting rooms, a variety of unique onsite team-building options and the popular Benchmark Conference Plan. The Benchmark Conference Plan is a one-price per person package that takes the guess work out of budgeting and makes it easy to tailor your meeting to your specific objectives.

Chaminade Resort & Spa is also an optimal venue for companies looking to have a green meeting experience. As the first hospitality business in Santa Cruz County to receive its Green Business Certification and Green Star Certification from the International Association of Conference Centers (IACC), our green Policies & Standards take into consideration all of the items green meeting planners look for when selecting a venue. Please see the Evergreen Initiatives page in our media kit.

“Obviously, these were people who have fun, take pride in what they do and are very detail oriented. But what impressed me most was that they all seemed to be EXPERT listeners, able to notice even non-verbal communication and use the information to assist clients in creating the ideal experience for attendees. “

—Joan Eisenstodt, *Convention Industry Council Hall of Famer & 2011 Recipient of the IACC's Mel Hosansky Award for Distinguished Service*
