### HISTORY

Chaminade derives its name from Father William Joseph Chaminade who founded the Society of Mary (Marianists) in Bordeaux, France, in 1817. The Marianists arrived in California in 1884 and in May of 1923, the Society of Mary purchased 300 acres of land from Frank Blake for \$50,000, where the resort is now situated. In September of 1930, Chaminade High School opened in what is the resort's main building today. The school remained open until 1940. During World War II, Chaminade became a center for training priests in the Society of Mary order and continued as such until the early 1970's when it became a religious retreat. In May 1979 the property was acquired and in 1983 construction began to transform the building into the Chaminade Executive Conference Center which opened its doors in May of 1985. Benchmark Hospitality International began managing the property in 1988.
